SUBJECT: MAINTENANCE OF DOCUMENTS AT THE FORMER MCGUIRE LOCAL
PUBLIC DOCKET ROOM RELATED TO APPLICATION BY DUKE ENERGY
FOR LICENSE RENEWAL OF MCGUIRE NUCLEAR STATION, UNITS 1
AND 2, FOR AN ADDITIONAL 20 YEARS (DOCKET NOS. 50-369 AND 50-370)

Dear Mrs. Gozzi:

This is to confirm a June 12, 2001, telephone conversation with Alison Wilson, of your technical services section, concerning the maintenance of documents in the documents section of your library. These documents are related to the NRC staff's review of the application by Duke Energy for license renewal of McGuire Nuclear Station, Units 1 and 2, for an additional 20 years. The staff expects that the Duke Energy application will be docketed on or about June 14, 2001, and will consist of approximately three 3-inch binders. Over the 18-month period of the review, the volume of documents and related correspondence is expected to fill about one 3-foot shelf.

After the NRC receives the application, electronic versions of the documents will also be available at the NRC's Public Document Room and in the Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

We appreciate your willingness to assist the public in participating in the license renewal process. We will place the Atkins Library on our distribution list for documents and notices related to the Duke Energy application for license renewal at McGuire.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-1108 or by e-mail at jhw1@nrc.gov.

Sincerely,

/RA/ Signed by J. H. Wilson
