Downers Grove, IL 60515

SUBJECT: CORRECTION LETTER (TAC NOS. MB0807, MB0580, MB0581, MB0582, AND MB0583)

Dear Mr. Kingsley:

By letter dated January 12, 2001, the staff issued Amendment 115 to the license for Byron Station, Unit 1, reflecting the transfer of ownership of Byron Station from Commonwealth Edison Company to Exelon Generation Company, LLC. Page 1 of the license contained a typographical error. The corrected page is attached.

By letter dated May 17, 2001, the staff issued Amendment 120 to the licenses for Byron, Station, Units 1 and 2, and Amendment 114 to the licenses for Braidwood Station, Units 1 and 2. The amendments revised technical specification (TS) page 3.3.1 to delete the "Power Range Neutron Flux High Negative Rate" trip function from Table 3.3.1-1. The revised TS page was incorrectly identified as page 3.3.1-14. The correct TS page number should be 3.3.1-13. The corrected pages are attached. They should replace the present TS page 3.3.1-13. TS page 3.3.1-14 should be retained in its current form.

We apologize for any inconvenience that these errors may have caused.

Sincerely,

*/RA/*
