Chairman
Nuclear Matters Committee
Town Hall
11 Lincoln Street
Plymouth, MA 02360

SUBJECT: PILGRIM NUCLEAR POWER STATION - ANNUAL ASSESSMENT OF SAFETY
PERFORMANCE

Dear Chairman:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Entergy Nuclear Generation Company in which we will discuss our annual assessment of the safety performance of the Pilgrim Nuclear Power Station.

The NRC completed its annual assessment of the safety performance of the Pilgrim Nuclear Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from the last 12 months. We described our assessment results in a letter to the Entergy Nuclear Generation Company on May 30, 2001; a copy of that letter is attached.

On June 26, 2001, the NRC will meet with the management of Entergy to discuss the safety performance of the Pilgrim Nuclear Power Station. This meeting is scheduled to begin at 1:00 p.m., in the Carver Fireside Meeting Room at the John Carver Inn in Plymouth, Massachusetts, and is open to the public for observation.

The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the Reactor Oversight Process. You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Pilgrim Nuclear Power Station through the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT>

Your schedule permitting, I look forward to meeting you on June 26, 2001. In the interim, please do not hesitate to contact me at 610-337-5233, if I can be of further assistance to you.

Sincerely,

/RA/

Curtis J. Cowgill, Chief

SUBJECT: PILGRIM NUCLEAR POWER STATION - ANNUAL ASSESSMENT OF SAFETY
PERFORMANCE

Dear Mr. Dingee:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Entergy Nuclear Generation Company in which we will discuss our annual assessment of the safety performance of the Pilgrim Nuclear Power Station.

The NRC completed its annual assessment of the safety performance of the Pilgrim Nuclear Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from the last 12 months. We described our assessment results in a letter to the Entergy Nuclear Generation Company on May 30, 2001; a copy of that letter is attached.

On June 26, 2001, the NRC will meet with the management of Entergy to discuss the safety performance of the Pilgrim Nuclear Power Station. This meeting is scheduled to begin at 1:00 p.m., in the Carver Fireside Meeting Room at the John Carver Inn in Plymouth, Massachusetts, and is open to the public for observation.

The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the Reactor Oversight Process. You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Pilgrim Nuclear Power Station through the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT>

Your schedule permitting, I look forward to meeting you on June 26, 2001. In the interim, please do not hesitate to contact me at 610-337-5233, if I can be of further assistance to you.

Sincerely,

/RA/

Curtis J. Cowgill, Chief

Dear Ms. Condon:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Entergy Nuclear Generation Company in which we will discuss our annual assessment of the safety performance of the Pilgrim Nuclear Power Station.

The NRC completed its annual assessment of the safety performance of the Pilgrim Nuclear Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from the last 12 months. We described our assessment results in a letter to the Entergy Nuclear Generation Company on May 30, 2001; a copy of that letter is attached.

On June 26, 2001, the NRC will meet with the management of Entergy to discuss the safety performance of the Pilgrim Nuclear Power Station. This meeting is scheduled to begin at 1:00 p.m., in the Carver Fireside Meeting Room at the John Carver Inn in Plymouth, Massachusetts, and is open to the public for observation.

The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the Reactor Oversight Process. You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Pilgrim Nuclear Power Station through the NRC Web site. This information may be accessed at <http://www.nrc.gov/NRR/OVERSIGHT>

Your schedule permitting, I look forward to meeting you on June 26, 2001. In the interim, please do not hesitate to contact me at 610-337-5233, if I can be of further assistance to you.

Sincerely,

/RA/

Curtis J. Cowgill, Chief
Projects Branch 6
Division of Reactor Projects
