Dear Mr. McNeill:

SUBJECT: INTERNATIONAL ATOMIC ENERGY AGENCY (IAEA) SAFEGUARDS LICENSE
CONDITION - SALEM NUCLEAR GENERATING STATION, UNIT 1

We are currently in the process of reaching agreement on License Conditions that will be added to the Salem Unit No. 1 license, DPR-70. The license conditions will implement IAEA Safeguards at Salem Unit 1, incorporating by reference Facility Attachment No. 13, Safeguards Agreement between USA and IAEA, dated October 1, 1986. The license conditions will be added to the license by a future amendment.

I would like to reaffirm our understanding that all the provisions in Facility Attachment No. 13 are in effect during the interim period until the amendment is issued.

If our understanding that the provisions of the Attachment are in place is correct, you need not respond to this letter. If there are any questions please contact me.

Sincerely,

/s/

Thomas M. Novak, Acting Director
Division of PWR Licensing-A
Office of Nuclear Reactor Regulation
