

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

JUL 11 1986

Docket Nos.: 50-443
and 50-444

Mr. Robert J. Harrison
President and Chief Executive Officer
Public Service Company of New Hampshire
Manchester, NH 03105

Dear Mr. Harrison:

SUBJECT: ISSUANCE OF AMENDMENT NO. 8 TO CONSTRUCTION PERMITS
CPPR-135 and CPPR-136 - SEABROOK STATION, UNITS
1 AND 2

The Nuclear Regulatory Commission has issued the enclosed Amendments No. 8 to Construction Permits CPPR-135 and CPPR-136 for the Seabrook Station, Units 1 and 2, located in Rockingham County, New Hampshire. The amendments are in response to your letter, dated March 7, 1984 requesting removal of Washington Electric Cooperative, Inc. from the Construction Permits CPPR-135 and CPPR-136 as an owner.

By letter dated May 13, 1981 and December 16, 1981 you requested Commission approval of a proposed transfer of ownership interest in Seabrook Station from the Connecticut Light and Power Company to Washington Electric Cooperative, Inc. and from Commonwealth Electric Company to Canal Electric Company. Amendments No. 5 to Construction Permits CPPR-135 and CPPR-136 were issued on June 23, 1982 to show the transfer of ownership interest and the inclusion of Canal Electric Company and Washington Electric Cooperative, Inc. as owners of the Seabrook Station, Units 1 and 2.

The ownership interest and transfer of shares from Connecticut Light and Power Company to Washington Electric Cooperative, Inc. was not executed because state regulatory approval and REA financing were not obtained. Inadvertently, Amendments No. 5 to Construction Permits CPPR-135 and CPPR-136 were issued showing Washington Electric Cooperative, Inc. as an owner, when in actuality they were not.

Amendments No. 8 to Construction Permits CPPR-135 and CPPR-136 correct the error of ownership interests made with Amendments No. 5 to CPPR-135 and CPPR-136 by deleting Washington Electric Cooperative, Inc. as an owner of the Seabrook Station, Units 1 and 2.

SAFETY EVALUATION BY THE OFFICE OF NUCLEAR REACTOR REGULATION
RELATING TO AMENDMENT NO. 8 TO CONSTRUCTION PERMITS CPPR-135 AND CPPR-136
PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE ET.AL*
SEABROOK STATION, UNITS 1 AND 2
DOCKET NOS. 50-443 AND 50-444

INTRODUCTION

By letter dated March 7, 1984, Public Service Company of New Hampshire requested that NRC records be corrected to show that Washington Electric Cooperative, Inc. never became a joint owner or licensee of the Seabrook Station, Units 1 and 2.

EVALUATION

NRC issued Amendments No. 5 to CPPR-135 and CPPR-136 on June 23, 1982, in response to proposed ownership interest transfers for the Seabrook Station Units 1 and 2. By applications dated May 13, 1981, and December 16, 1981, Public Service Company of New Hampshire submitted requests for amendments to CPPR-135 and CPPR-136 to show the transfer of ownership shares from Commonwealth Electric Company to Canal Electric Company and from Connecticut Light and Power Company to Washington Electric Cooperative, Inc. However, the transfer of shares from Connecticut Light and Power Company to Washington Electric Cooperative, Inc. was not executed and state regulatory and REA approval were not obtained.

SUMMARY OF EVALUATION FINDINGS

The license amendment issued on June 23, 1982, was in error as Washington Electric Cooperative, Inc. was not and would not be an owner of the Seabrook Station, Units 1 and 2.

*The current construction permit holders for Seabrook Station are: Bangor Hydro-Electric Company, Canal Electric Company, Central Maine Power Company, Central Vermont Public Service Corporation, Connecticut Light & Power Company, Fitchburg Gas & Electric Light Company, Hudson Light and Power Department, Maine Public Service Company, Massachusetts Municipal Wholesale Electric Company, Montaup Electric Company, New England Power Company, New Hampshire Electric Cooperative, Inc., Public Service Company of New Hampshire, Taunton Municipal Lighting Plant, the United Illuminating Company, and Vermont Electric Generation and Transmission Cooperative, Inc.

8607220375 860711
PDR ADDCK 05000443
A PDR

Therefore, a new amendment had to be issued to delete Washington Electric Cooperative, Inc. as a owner of the Seabrook Station, Units 1 and 2.

ENVIRONMENTAL ASSESSMENT

Pursuant to 10 CFR 51.32, the Commission determined that the issuance of Amendments No. 8 to Construction Permits CPPR-135 and CPPR-136 will have no significant impact on the environment. The issuance of these amendments is strictly for deletion of an owner from the Construction Permits.

In addition, the staff has determined that Amendments No. 8 to the Construction Permits involve no significant increase in the amounts, and no significant change in types, of any effluents that may be released offsite, and that there is no significant increase in individual or cumulative occupational radiation exposure. The Commission has determined that the amendments involve no significant hazards considerations. Accordingly, the amendments meet the eligibility criteria for categorical exclusion set forth in 10 CFR 51.22(c)(9). Pursuant to 10 CFR 51.22(b) no environmental impact statement or environmental assessment need be prepared in connection with the issuance of this amendment.

CONCLUSION

Amendments No. 5 to Construction Permits CPPR-135 and CPPR-136 were issued in error and should not have contained the name Washington Electric Cooperative, Inc. The transfer of ownership shares from Connecticut Light and Power Company was not executed and therefore Washington Electric Cooperative, Inc. was never an owner of the Seabrook Station. The deletion of this utility's name corrects the Construction Permits.

Date of Issuance: JUL 11 1986

UNITED STATES NUCLEAR REGULATORY COMMISSIONDOCKET NOS. 50-443 AND 50-444PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE, ET. AL*NOTICE OF ISSUANCE OF AMENDMENT TO CONSTRUCTION PERMITS

The U. S. Nuclear Regulatory Commission (the Commission) has issued Amendments No. 8 to Construction Permits Nos. CPPR-135 and CPPR-136 for the Seabrook Station, Units 1 and 2. The amendments modify the construction permits to delete the Washington Electric Cooperative, Inc. as an owner.

Amendments No. 5 to Construction Permits CPPR-135 and CPPR-136 were issued on June 23, 1982 showing a transfer of ownership interest from Connecticut Light and Power Company to Washington Electric Cooperative, Inc. As detailed in a letter dated March 7, 1984, from Robert Harrison, President of Public Service Company of New Hampshire, to the Office of Nuclear Reactor Regulation, the proposed transfer reflected in Amendments No. 5 never actually took place, and Washington Electric Cooperative never acquired any ownership interest in the Seabrook facilities.

The issuance of the amendments comply with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's regulations. The Commission has made appropriate findings as required by the Act and the Commission's regulations in

*The current construction permit holders for Seabrook Station are: Bangor Hydro-Electric Company, Canal Electric Company, Central Maine Power Company, Central Vermont Public Service Corporation, Connecticut Light & Power Company, Fitchburg Gas & Electric Light Company, Hudson Light and Power Department, Maine Public Service Company, Massachusetts Municipal Wholesale Electric Company, Montaup Electric Company, New England Power Company, New Hampshire Electric Cooperative, Inc., Public Service Company of New Hampshire, Taunton Municipal Lighting Plant, the United Illuminating Company, and Vermont Electric Generation and Transmission Cooperative, Inc.

10 CFR Chapter I, which is set forth in the amendments. Prior public notice of these amendments were not required, since the amendments do not involve a significant hazards consideration.

For further details with respect to the action see (1) Amendments No. 8 to Construction Permits CPPR-135 and CPPR-136, and (2) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N. W., Washington, DC 20555, and at the Local Public Document Room at Exeter Public Library, Front Street, Exeter, New Hampshire 03833.

In addition, a copy of items (1), and (2) may be obtained upon request addressed to the U. S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Director, Division of PWR Licensing-A, Office of Nuclear Reactor Regulation.

PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE, ET. AL*
DOCKET NO. 50-444
SEABROOK STATION, UNIT 1
AMENDMENT TO CONSTRUCTION PERMIT

Amendment No. 8
Construction Permit No. CPPR-136

1. The Nuclear Regulatory Commission (the Commission) having found that:
 - A. The issuance of this license amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act) and the Commission's regulations set forth in 10 CFR Chapter I;
 - B. The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public; and
 - C. The issuance of this amendment will not result in any environmental impacts not previously considered.
2. Accordingly, Construction Permit No. CPPR-136 is amended as follows:
All references to "applicants" shall exclude:
Washington Electric Cooperative, Inc.
3. This amendment is effective as of the date of issuance:

FOR THE NUCLEAR REGULATORY COMMISSION

Thomas M. Novak, Acting Director
Division of PWR Licensing-A

Date of Issuance:

*The current construction permit holders for Seabrook Station are: Bangor Hydro-Electric Company, Canal Electric Company, Central Maine Power Company, Central Vermont Public Service Corporation, Connecticut Light & Power Company, Fitchburg Gas & Electric Light Company, Hudson Light and Power Department, Maine Public Service Company, Massachusetts Municipal Wholesale Electric Company, Montaup Electric Company, New England Power Company, New Hampshire Electric Cooperative, Inc., Public Service Company of New Hampshire, Taunton Municipal Lighting Plant, the United Illuminating Company, and Vermont Electric Generation and Transmission Cooperative, Inc.

Therefore, a new amendment had to be issued to delete Washington Electric Cooperative, Inc. as a owner of the Seabrook Station, Units 1 and 2.

ENVIRONMENTAL ASSESSMENT

Pursuant to 10 CFR 51.32, the Commission determined that the issuance of Amendments No. 8 to Construction Permits CPPR-135 and CPPR-136 will have no significant impact on the environment. The issuance of these amendments is strictly for deletion of an owner from the Construction Permits.

In addition, the staff has determined that Amendments No. 8 to the Construction Permits involve no significant increase in the amounts, and no significant change in types, of any effluents that may be released offsite, and that there is no significant increase in individual or cumulative occupational radiation exposure. The Commission has determined that the amendments involve no significant hazards considerations. Accordingly, the amendments meet the eligibility criteria for categorical exclusion set forth in 10 CFR 51.22(c)(9). Pursuant to 10 CFR 51.22(b) no environmental impact statement or environmental assessment need be prepared in connection with the issuance of this amendment.

CONCLUSION

Amendments No. 5 to Construction Permits CPPR-135 and CPPR-136 were issued in error and should not have contained the name Washington Electric Cooperative, Inc. The transfer of ownership shares from Connecticut Light and Power Company was not executed and therefore Washington Electric Cooperative, Inc. was never an owner of the Seabrook Station. The deletion of this utility's name corrects the Construction Permits.
