

Risk Information in Nuclear Materials and Waste Regulations

Case Study on the Regulation of Uranium Recovery Facilities

STAKEHOLDER FEEDBACK

Feedback Session

- Preliminary Observations/Answers
 - Screening Criteria/Risk Analysis Questions
 - Safety Goal Analysis Questions
- Application of Draft Screening Criteria
- General Comments

All Attendees May Participate

Case Study Timeline

- April 25-26, 2000 – Workshop
- September 21, 2000 – Draft Case Study Plan
- October 27, 2000 – Final Case Study Plan
- November 2000 – Begin Case Studies
- February 9, 2001 – Gas Chromatographs,
Static Eliminators,
Fixed Gauges
- May 11, 2001 – Decommissioning,
Transportation

Case Study Timeline

- June 13, 2001 – Uranium Recovery
- July 31, 2001 – Storage, Part 76
- September 2001 – Draft Reports
- October 2001 – Integration Meeting
- December 2001 – Final Reports
- March 2002 – Final Consolidated Report
- Summer 2002 – Draft Safety Goals, If Feasible
