Re: Power Authority of the State of New York and Entergy Nuclear FitzPatrick LLC, Entergy Nuclear Indian Point 3 LLC, and Entergy Nuclear Operations, Inc. (James A. FitzPatrick Nuclear Power Plant and Indian Point Nuclear Generating Unit No. 3), Memorandum and Order, CLI-01-14 (June 21, 2001) – Request for Proprietary Information Protection

Dear Secretary:

The Memorandum and Order, CLI-01-14, issued by the Commission in the above-captioned proceedings, provided that its public release would be withheld for three working days to provide Applicants the opportunity to review it and to advise the Commission whether any information considered by the Applicants to be proprietary had been inadvertently included. Slip op. at 86.

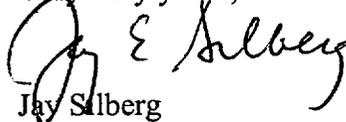

Entergy Nuclear FitzPatrick LLC, Entergy Nuclear Indian Point 3 LLC, and Entergy Nuclear Operations, Inc. (the Entergy Applicants) have reviewed CLI-01-14 and have identified certain information in the Memorandum and Order that they consider proprietary. On behalf of the Entergy Applicants, I telephoned NRC counsel this morning to notify the Commission of this fact.

The Entergy Applicants respectfully request that the Commission withhold public release of the Memorandum and Order until their proprietary concerns can be addressed. The specifics of the proprietary concerns are being communicated privately to NRC counsel.

If you have any questions concerning this request, do not hesitate to contact me.

Thank you for your attention.

Very truly yours,

Jay Silberg
Counsel for the Entergy Applicants
