Dear Ms. Halldein:

I am writing to express my appreciation for the courtesy shown to Ms. Margaret S. Chatterton during her recent visit to the Westinghouse Atom Fuel Facility. Her objectives for this meeting were fully achieved. It was obvious that considerable thought and preparation were expended by you and your staff in order to make the meeting so successful. Ms. Chatterton particularly noted the efforts made by Karl Erik Hallgren and Stig Anderson to assure success of the meeting and tour. It is especially satisfying when meetings and tours of this type result in significant exchange of technical information as this one did. I look forward to opportunities to continue these types of information exchanges.

Sincerely,
