**SUBJECT: Revision of License Renewal Application Submittal Date**

In the Reference 2 letter, Omaha Public Power District (OPPD) provided formal notification to the NRC of plans to seek renewal of Operating License DPR-40 for Fort Calhoun Station (FCS) Unit No. 1. In the Reference 3 letter, OPPD scheduled the submittal of the license renewal application in December of 2002.

As noted in recent verbal communications with the NRC Staff, OPPD has revised the license renewal project schedule and now plans to submit the application in January of 2002.

OPPD will continue to communicate with appropriate NRC personnel on license renewal issues and schedule progress. Please contact me if you have any questions.

Sincerely,

W. G. Gates  
Vice President
