SUBJECT: PALISADES PLANT - CORRECTION TO AMENDMENT NO. 203 TO REVISE
REPORTING REQUIREMENTS IN THE OPERATING LICENSE
(TAC NO. MB1138)

Dear Mr. Cowan:

On June 26, 2001, the Commission issued Amendment No. 203 to Facility Operating License No. DPR-20 for the Palisades Plant. The amendment changed two requirements in the Operating License regarding the reporting of changes to the approved fire protection plan and exceeding the licensed steady-state power level.

Amendment No. 203 forwarded replacement pages to be inserted into the operating license. Please replace page 3 with the revised page 3 enclosed with this letter. The enclosed page 3 is corrected, consistent with the application dated January 30, 2001, by removing the word "annually," in paragraph 2.C(3)b. This change is identified by a marginal line. The correction does not affect the Nuclear Regulatory Commission staff's safety evaluation or conclusions for Amendment No. 203.

If you have any questions regarding this letter, please contact me at (301) 415-3049 or by e-mail at dsh@nrc.gov.

Sincerely,

/RA/

Darl S. Hood, Senior Project Manager, Section 1
Project Directorate III
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

Docket No. 50-255

Enclosure: Revised Page 3 for Amendment No. 203 to DPR-20
