FOI/PA REQUEST
Case No: 2001-0305
Date Recd: 7-6-2001
Action Off: Pool
Assigned Case:

To whom it may concern,

I am making this request via the Freedom of Information Act.

The document I am requesting a copy of is NRC Internal Memorandum dated August 17, 1998, from John N. Hannon to Arthur T. Howell titles "Response to Region IV Task Interface Agreement (TIA) (96TIA008) - Evaluation of Definition of Continuous Fire Watch (TAC No. M96550).

This document is referenced in an NRC Fire Protection Inspection Requirements and Guidelines Document, and also appears to be a position that may have been provided to Region IV in regards to an issue cited in Information Notice 97-48 regarding an NRC Inspector's Finding that Waterford Generating Station had redefined the intent of a continuous fire watch.

If this document can be released, it can be faxed to me at 630-778-4343.

If there are any questions regarding my request, I can be contacted by any of the following means

Sincerely,

Roseann E. Conrad, PE
