Subject: Last info. on public comments

Diane,

Just to verify what I told you, I double-checked and Mike Warren and Bob Skelton reviewed Skip Young's public response (IOLB #1) prior to sending it to SPLB. If anything comes up with Security, they are aware of the issues and comments made.

Also, I have updated the table to track public comments. It is attached below for your files and I tried to write in some of the things we'd discussed as far as action items.

For technical contacts regarding public comments, these are the people I've primarily worked with (and John Lehning has helped me with everything regarding public comments, so if anything should come up, I'm sure he can help answer any questions).

DE: Goutam
DLPM: Dick Dudley
IOLB: Dan Barrs, Bob Skelton
RES: Jason S.
RGEB: Ira Dintz
SPLB: Diane J.
SPSB: Glenn K.
SRXB: Joe S. and Tony Ulses

Have a great weekend and a stress-free week (next week)!

Tanya
