George,

I took a quick read through the goals and had two initial comments.

1. I am not sure we should say there is no criteria for when Formal EP should be required. See 10 CFR 30.32(i)(1)(i), and the EPA PAGs.

2. ~~We need to add to the list of Stakeholders FEMA.~~ *Dane*

Attached are goals which Tim has developed with regard to our TWG Report. Please review and be familiar with them so we are all on the same wavelength and headed in the same direction with regard to desired outcomes and outputs. Also, I have attached, FYI, an answer to Tim's question as to "what criteria has been used in past EP exemptions."

Let me or Tim know if you have any questions.
