SUBJECT: NAVAL RADIATION SAFETY COMMITTEE ACTIONS, JUNE CY 2001

In a letter dated April 17, 2000, Nuclear Regulatory Commission Region II requested that the Naval Radiation Safety Committee (NRSC) suspend the practice of submitting copies of NRSC approved permitting actions and inspection reports. As an alternative, it was requested that the NRSC provide the Navy Master Materials License Project Coordinator a monthly summary outlining Naval Radioactive Materials Permit actions and inspection reports approved by the NRSC.

This letter forwards the summary of NRSC approved actions for June 2001. If you have any questions regarding this letter, please contact LT Greg Kahles at (703) 602-2582.

Sincerely,

A handwritten signature in cursive script that reads "G. A. Higgins".
