Mr. James F. Mallay, Chair
ANS Standards Steering Committee
American Nuclear Society
555 North Kensington Ave.
La Grange Park, Ill 60526

Dear Mr. Mallay:

I would like to nominate Dr. Yuri Orechwa as the authorized NRC representative on the American Nuclear Society Standards Committee ANS-10: Mathematics and Computation. Dr. Orechwa is a Reactor Systems Engineer within the Division of Safety and Systems Analysis of the Office of Nuclear Reactor Regulation of the US Nuclear Regulatory Commission and is responsible for safety evaluations of a broad spectrum of license amendments and computer codes.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN: Dr. Yuri Orechwa
