Subject: Friday Meeting and Quicklook Letter

Jack, I intend to be at the Friday meeting in case there are public questions that need to be answered regarding the special inspection. I'd like to get the quicklook letter out early this week, and plan to send it to you for technical concurrence. For info, we plan to conduct an SDP panel on Thursday at 11:00 am.

Marsha and Pat, It may be appropriate to include me on the list of participants in the meeting notice.

Thanks. Dave
