Just got off the phone with Ted Sullivan from NRR - he thinks that Ian Barnes may be here by afternoon tomorrow - possibly.

He thinks that NRR has 4 - 6 weeks of work left before they will possibly issue an SE. He thinks that they may not be able to give them the 8-months that they asked for. He believes that, based on the timing, maybe 5-months is more appropriate. There appears to still be some lingering difference of opinion between the NRR staff and ConEd on the U-bend cracking.
