Thanks a lot Wayne. You guys did a lot!!!! I shall be working out of my office next week (Wednesday thru Friday) and will peek in some of those binders you have. I'll share my group's scope and outline with you so you can see how much of the areas you've covered will be valuable input into our efforts. And the heads up for next week is also to afford you time to clean all your JUNK out of my office. I don't like stuff that grows out of old soda cans.... Thanks again.

Jimi
