**Subject:** Re: 2-page briefing sheet and 1-page press release

I marked up the Press Release...and Neil is working it now...Jim W. wait on the next version (which I think will keep numbers out of it...)

The two page document...i have some additional comments on...

Wayne...make sure Trapp sees the "risk" section of the IR...give him a copy before he leaves today (for ACRS) of that section as is...I know we've made some changes to that since he saw last...

One thought on 2 pg document... maybe to make it something that appears formal for the web...we title it as a memo From: BHolian To: IP2 Coordination Distribution

wayne...you originally thought it should be on letterhead...that would be one way...Thoughts?

B

>>> Wayne Schmidt 08/29 11:00 AM >>>

See what you think I tried to structure them after one another. I think putting the 2-page document on the web along with the IR will be good.
