**SUBJECT:** Plan and Schedule for Nuclear Energy Institute (NEI) on Continued Dialog  
Topics in Generic Aging Lessons learned (GALL) Report

**PROJECT NUMBER:** 690

Dear Mr. Grimes:

On May 18, 2001 correspondence was forward to NEI requesting a plan and schedule on continued dialog regarding five outstanding topics relating to the GALL Report.

The NEI License Renewal Task Force will re-evaluate the original technical positions taken on the issues to determine if there is new information to support our submitted position. The task force is also evaluating GALL April 2001 for additional technical issues that should be discussed as well.

The task force will complete it's review during the third quarter 2001 and be prepared to discuss the topics identified as well as others with the staff in the fourth quarter 2001. A schedule will be developed during the industry's review process.

We look forward to meeting with the NRC staff. If you have any questions, please call me at (202) 739-8110.

Sincerely,
