Manager Industrial Hygiene Safety and Environmental Compliance
Science and Technology Department

Subject: TRANSMITTAL OF FINAL STATUS SURVEY REPORT FOR OPEN LAND AREAS
AT GEORGE WESTINGHOUSE RESEARCH AND TECHNOLOGY PARK,
REVISION 0, FEBRUARY 2001.

Reference: GTS DURATEK PROPOSAL NUMBER REFS-00-0056

Dear Mr. Lehnhardt:

Duratek is pleased to provide the final status survey report from the survey of the open land areas at the George Westinghouse Research and Technology Park. The report has been provided in binders and electronically in two portable document format (PDF) files. Three copies of the hard bound report with attachments were sent by Federal Express on February 27, 2001 along with all appendices to the report. The appendices contain QA/QC data and the original survey package documentation and information. The appendices included with the final report are as follows:

- One (1) volume containing *Appendix A, George Westinghouse Research and Technology Park Final Status Survey QA/QC Data*, and
- Seven (7) volumes containing *Appendix B, George Westinghouse Research and Technology Park Final Status Survey Packages*.

The PDF electronic files containing the report were copied to a 3½" floppy disk sent in the Federal Express shipment. These files will also be transmitted to you by email along with this cover letter. The PDF files and their content are as follows:

- File "GWRTP Report r1.pdf" contains the *Final Status Survey Report for Open Land Areas at George Westinghouse Research and Technology Park, Revision 0, February 2001*, and
- File "GWRTP Report Attach r1.pdf" contains *Attachments 1-7 to the Final Status Survey Report for Open Land Areas at George Westinghouse Research and Technology Park, Revision 0, February 2001*.

Again, the Duratek staff considers it to have been an honor and a privilege to provide this important service to the Westinghouse Electric Company LLC. Having been involved in the final surveys of many of the buildings and grounds at the George Westinghouse Research and Technology Park, Duratek would be pleased to provide further service to Westinghouse for any future endeavors where we could help.

If you have any questions or concerns, please call me at (865) 376-8219 or Mr. Doug Schult at (865) 376-8272.

Sincerely,

John McGehee,
Project Manager, Commercial Services
