NRC TO MEET WITH ENTERGY TO DISCUSS SAFETY PERFORMANCE AT RIVER BEND

The U.S. Nuclear Regulatory Commission staff will meet with officials of Entergy Operations Inc. on Thursday, June 21, to discuss the results of NRC's annual assessment of safety performance at River Bend Nuclear Station, a nuclear power plant near St. Francisville, La.

The meeting will be held at 2 p.m. in the River Bend Station Training Center, 5485 US Highway 61, St. Francisville. The public is invited to observe the meeting. NRC officials will be available after the meeting to answer questions.

A letter sent from NRC Region IV to Entergy, which addresses plant safety performance during the previous year and forms the basis of the meeting discussion, is available from the Region IV Office of Public Affairs or on the NRC web site at: <http://www.nrc.gov/OPA/ppr/>. Current safety performance information for River Bend is available on the NRC web site at: http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/RBS1/rbs1_chart.html.
