OFFICE OF THE
SECRETARY

MEMORANDUM FOR: Commissioner Roberts
Commissioner Curtiss

FROM: Samuel J. Chilk, Secretary

SUBJECT: SECY-89-27 - FINAL RULEMAKING ON THE
LICENSING SUPPORT SYSTEM FOR THE HIGH
LEVEL WASTE LICENSING PROCEEDING

By memorandum of February 21, 1989, Commissioner Curtiss raised a number of questions concerning the draft final rule in SECY-89-27 and requested this office to forward his questions to the members of the HLW Licensing Support System Advisory Committee for reply. Commissioner Curtiss asked to have the answers in hand before casting his vote on SECY-89-27. Commissioner Roberts also requested the answers to Commissioner Curtiss' questions before voting on SECY-89-27. Commissioner Curtiss subsequently indicated that he would cast his vote within two days after receiving the Committee responses.

By memorandum of February 24, 1989, the questions were forwarded to Mr. Bellman and the members of the HLW Licensing Support System Advisory Committee. Mr. Bellman and each of the Committee members have now responded. Copies of their responses were forwarded to the Commission by my memoranda of 3/8/89, 3/10/89, and 3/13/89 respectively.

Your response to SECY on this staff paper by c.o.b. Wednesday, March 15, 1989 would be appreciated. If you have not responded by that time, it will be presumed that you are not participating in this action.
