SUBJECT: OCONEE NUCLEAR STATION, UNITS 1, 2 AND 3 RE: RE-ISSUE OF
TECHNICAL SPECIFICATIONS AND BASES (TAC NOS. M99912, M99913,
AND M99914)

Dear Mr. McCollum:

By letter dated September 13, 1999, you informed the NRC staff that you had re-issued the Oconee Nuclear Station, Units 1, 2, and 3 Technical Specifications (TS) and Bases as a result of pagination and appearance changes. These changes resulted from the conversion of the TS and Bases from WordPerfect to Microsoft Word software, which is the standard word processing software used by the Duke Energy Corporation. Other than the changes resulting from using a different font and pagination due to using the new software and font, you have verified that there are no changes to the TS or Bases. The purpose of this letter is to distribute the revised TS and Bases pages to the appropriate TS manual holders.

Sincerely,

Original signed by:
