Brad,

The form is attached. Please save it to WP, and make whatever changes you feel are necessary in the NOTES section to incorporate Jack Goldberg's sentiments. I was very brief in our stated conclusion (Action 1) on the form. I didn't really see a need to go into excruciating detail, since all of the pertinent reference info is in the "non-allegation" file. If you feel we should say more about our conclusion, feel free to elaborate. Thanks.
