Mr. Michael Scott
U.S. Nuclear Regulatory Commission
Washington, DC 20555

SUBJECT: Uprate Meeting with NRC on 7/26/01

Per your request, we are providing the following information to support a conclusion that our July 26, 2001 uprate meeting with the NRC should be closed to the public.

During the meeting, Westinghouse will be discussing proprietary information regarding its processes, methods and business plans for power uprates. This information is of strategic, commercial, and business value to Westinghouse which if publically disclosed, would provide a potential business advantage to competitors of Westinghouse.

The written presentation is non-proprietary and will be available at the meeting.

Please call me if you need any additional information.

Very truly yours,

H. A. Sepp, Manager
Regulatory and Licensing Engineering
