Subject: IP2 SGTF Pre-Caucus/SERP Mtg.

Region I has requested a meeting tomorrow, **Thursday, October 5th at 9:00am** with the NRR participants that were at the SERP and the Regulatory Conference associated with the IP2 SGTF issue. The purpose of the meeting is to confirm with NRR and OE that a performance issue and a violation existed after considering the information from the Reg Conference. We do not plan to come to a final color determination at this meeting. Instead, the color determination will be discussed at a final caucus/SERP meeting that may take place as early as Tuesday, October 10th.

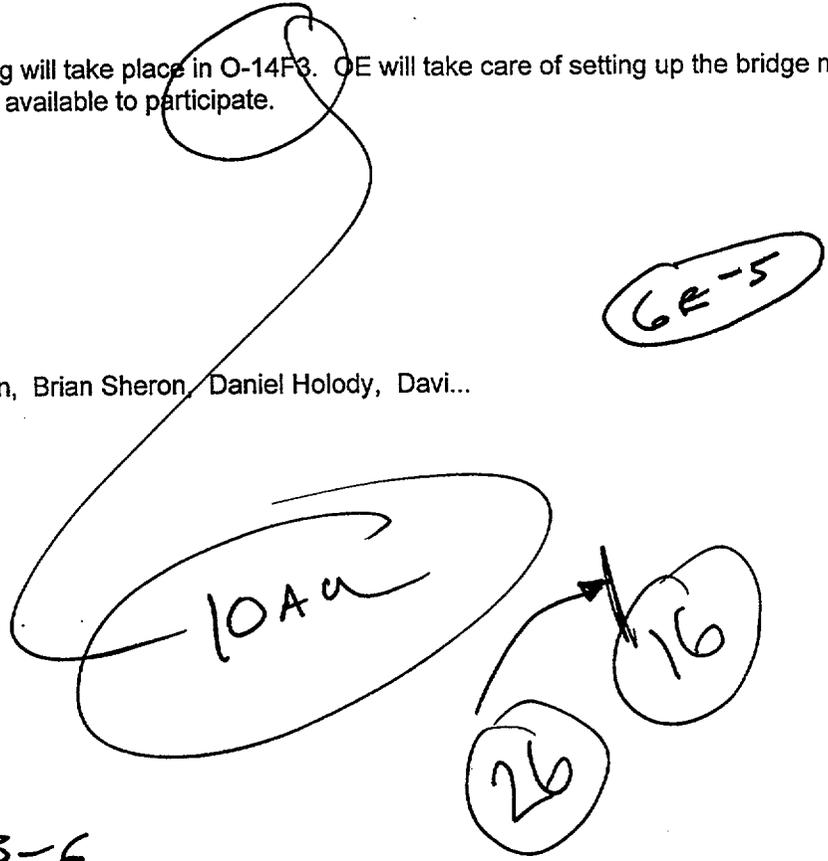

So far, Alan Madison from the Inspection Program Branch and Bill Bateman from the Division of Engineering plan to attend.

NRR participants - the meeting will take place in O-14F3. OE will take care of setting up the bridge no. Please let me know if you are available to participate.

Thank you,

Vonna
