

NOTE TO FILE

July 25, 2001

SSD Case number 00-42

SSD Certificates **NR-0375-D-102-S** (Model 5245 series thickness gauge)

Isotope Measuring Systems, Inc.

This note to the file of SSD case # 00-42 is to explain why a checklist wasn't used.

No checklist was used because this amendment request was rejected as part of the initial acceptance review process. During that acceptance review, the amendment request was determined to have provided insufficient information to start a technical review of the request. No technical review was performed on this amendment request.
