Office of Nuclear Reactor Regulation

FROM:

Brenda Jo. Shelton, Chief

Office of the Chief Information Officer

SUBJECT: CONCURRENCE ON PART 50 RULEMAKING PLAN FOR
DECOMMISSIONING TRUST PROVISIONS

The Office of the Chief Information Officer has reviewed the subject rulemaking plan and concurs in it. However, the proposed rule option will impact information collections. The significance of the information collection burden will determine the need for OMB review and approval of any information collections contained in the proposed rule. We will apprise you of the information required to make the determination after we review the actual rule.

Under the caption "Coordination" in the Commissioners' Memorandum, please change the OCIO concurrence to read:

"The Office of the Chief Information Officer has reviewed the rulemaking plan for information technology and information management implications and concurs in it. However, the plan suggests changes in information collection requirements that must be submitted to the Office of Management and Budget at the same time the rule is forwarded to the Federal Register for publication."

Under the captions, "Supporting Documents Needed" and "Schedule," in the Rulemaking Plan, please indicate that the clearance package will be submitted to OMB at the same time the rule is forwarded to the Federal Register for publication.

Should you require further assistance, please contact Doris J. Curseen at 415-5876 or e-mail DJF3.
