SUBJECT: INACTIVATION OF MDS NORDION REGISTRATION CERTIFICATE NUMBER NR-220-S-106-S
AND ATOMIC ENERGY OF CANADA LIMITED REGISTRATION CERTIFICATE NUMBER
NR-169-S-158-U

Dear Mr. Desgagne:

As you requested in your letter dated July 11, 2000, we have transferred registration certificates number NR-220-S-106-S and NR-169-S-158-U to inactive status. This was based on the information submitted in your letter and a subsequent letter dated August 24, 2000. We have transferred certificate number NR-220-S-106-S to inactive status as certificate number NR-220-S-804-S.

As you noted in your August 24 letter, certificate number NR-169-S-158-U was inactive. However, the process by which the certificate was made inactive was not clear. To ensure that this certificate is considered inactive, it has been reassigned to the inactive vendor code for Atomic Energy of Canada Limited as certificate number NR-8003-S-831-S.

Please read over the registration certificates (copies enclosed) in their entirety and notify us immediately of any errors or omissions.

If you have any questions concerning changes in your fee requirements, please contact the License Fee and Accounts Receivable Branch at (301) 415-7554. If you have any other questions, please contact me at (301) 415-7038 or Mr. Ujagar Bhachu at (301) 415-7894.

Sincerely,

W R A I

William R. Ward, Mechanical Engineer
Materials Safety and Inspection Branch
Division of Industrial and
Medical Nuclear Safety
Office of Nuclear Material Safety
and Safeguards
