SUBJECT: PUBLIC MEETING SUMMARY - ANNUAL ASSESSMENT MEETING AND  
MEETING WITH LOCAL OFFICIALS , WATTS BAR NUCLEAR PLANT -  
DOCKET NOS. 50-390, 50-391

Dear Mr. Scalice:

This refers to two meetings conducted at our request at the Watts Bar Nuclear Plant Training Center on July 17, 2001. The first meeting was held with your staff to discuss the NRC's Reactor Oversight Process (ROP) and Watts Bar's annual assessment of safety performance for the period of April 2, 2000 - March 31, 2001. The major topics addressed were: the NRC's assessment program, the results of the Watts Bar assessment, and the NRC's Agency Action Matrix. Attendees included Tennessee Valley Authority (TVA) management and staff, NRC staff, three elected local officials and six county/state emergency preparedness officials.

Following the annual assessment meeting, a separate meeting was held with the elected local officials to discuss the ROP and NRC activities involving Watts Bar. Attendees included NRC staff, the three local and six county/state emergency preparedness officials, and several TVA staff members.

Both of the meetings were open to the public. Information used for the discussions of the ROP is available from the NRC's document system (ADAMS) as accession number ML 011980088 which can be accessed from the electronic address provided below.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room (PDR) or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room).
