Subject: Docket No. 50-482: Notification of Changes at Wolf Creek Generating Station Affecting the Wolf Creek Generating Station Physical Security Plan, the Safeguards Contingency Plan, and the Security Training and Qualification Plan

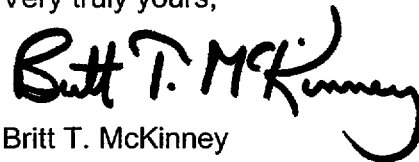

Gentlemen:

This letter provides information in accordance with 10 CFR 50.54(p)(2) concerning changes at Wolf Creek Generating Station (WCGS) affecting the WCGS Physical Security Plan, the Safeguards Contingency Plan, and the Security Training and Qualification Plan. Attachment I provides a description of these changes and a justification for the changes. Attachment II identifies the commitments as a result of this correspondence.

Changes identified in Attachment I will be incorporated into the WCGS Physical Security Plan, the Safeguards Contingency Plan, and the Security Training and Qualification Plan by January 31, 2002. These changes include Wolf Creek Nuclear Operating Corporation organization changes and installation of a new radio system. These changes do not reduce the effectiveness of the WCGS Physical Security Plan, the Safeguards Contingency Plan, or the Security Training and Qualification Plan.

If you have any questions concerning this matter, please contact me at (620) 364-4112 or Mr. Tony Harris at (620) 364-4038.

Very truly yours,

Britt T. McKinney

**Changes Affecting the Wolf Creek Generating Station Physical Security Plan,
Safeguards Contingency Plan, and Training and Qualification Plan**

Reasons and Justifications

Change 1

Pages Affected: Physical Security Plan - iii, xx, 1-1, 1-2, 1-3, 1-4, 1-6, 1-7, 1-17, 3-42, 5-7, 9-4, 13-2, 14-1,
Security Training and Qualification Plan - vi, A-6, A-46, A-55,
Safeguards Contingency Plan - 2-28, 3-7, Table 4-1 through 4-30 with exception of
Table 4-4 and sheet 2 of Table 4-9.

Change: This change replaces the title of Vice President Operations Support with the title of Vice President Operations.

Reason for Change: The position of Vice President Operations Support has been eliminated. Therefore, changes were made to the WCNOG organizational structure. The Vice President Operations has been assigned responsibility for Wolf Creek Generation Station Security.

Justification: All responsibilities are being maintained. The Vice President Operations will be responsible for all Security activities that were previously the responsibility of the Vice President Operations Support. No responsibilities are being reduced. This organization change has no effect on the implementation of the Physical Security Plan, the Safeguards Contingency Plan, or the Security Training and Qualification Plan. Therefore, this change does not reduce the effectiveness of the Physical Security Plan, the Safeguards Contingency Plan, or the Security Training and Qualification Plan.

Change 2

Pages Affected: Physical Security Plan - xix, 6-3, 6-5, 7-1,
Safeguards Contingency Plan - 3-6

Change: This change removes the term FM and VHF from the Physical Security Plan and the Safeguards Contingency Plan.

Reason for Change: Wolf Creek Generating Station is installing a new radio system. With the installation of this new radio system, the terms FM and VHF are no longer accurate.

Justification: This change will correct the inaccuracy described above. The new term 900MHz will not be added in the plan description. Rather, the plans will state "Radio," or "Radio system." This change does not reduce the capability of continuous communications capability of the Security Force and has no effect on the implementation of the Physical Security Plan, the Safeguards Contingency Plan, or the Training and Qualification Plan. Therefore this change does not reduce the effectiveness of the Physical Security Plan, the Safeguards Contingency Plan, or the Security Training and Qualification Plan.

LIST OF COMMITMENTS

The following table identifies those actions committed to by Wolf Creek Nuclear Operating Corporation (WCNOC) in this document. Any other statements in this submittal are provided for information purposes and are not considered to be commitments. Please direct questions regarding these commitments to Mr. Tony Harris, Manager Regulatory Affairs at Wolf Creek Generating Station, (620) 364-4038.

COMMITMENT	Due Date/Event
Changes identified in Attachment I will be incorporated into the WCGS Physical Security Plan, the Safeguards Contingency Plan, and the Security Training and Qualification Plan.	January 31, 2002
