Withdrawal of Inservice Inspection Pilgrim Relief Request (PRR)-26

By letter dated March 27, 2001 Entergy Nuclear Generation Company requested approval of PPR-26 related to 1989 ASME Code Articles IWB-2412 and Table IWB-2412-1.

At this time we are withdrawing the PRR-26 because the scope of the relief request is no longer applicable since the NRC has approved the Pilgrim Risk-Informed Inservice Inspection program on May 2, 2001.
