Mr. William J. Sinclair, Director  
Division of Radiation Control  
Department of Environmental Quality  
168 North 1950 West  
P.O. Box 144850  
Salt Lake City, Utah 84114-4850

Dear Mr. Sinclair:

As requested, we have reviewed the final Utah rule R313-19-5, Deliberate Misconduct, which became effective on January 26, 2001, and was submitted for NRC review by letter dated April 6, 2001. The regulations are in response to the one amendment identified in the enclosed State Regulation Status (SRS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Part 30. We also discussed our review of the regulations with Mr. Craig Jones on June 19, 2001.

As a result of our review, we have determined that the Utah deliberate misconduct rule, as adopted, meets the compatibility and health and safety categories established in Office of State and Tribal Programs (STP) Procedure SA-200 provided the following condition is met. The Utah deliberate misconduct rule is compatible provided that the unlicensed person who is the direct or indirect subject of the enforcement action taken in accordance with Utah Rule R313-14 is afforded the opportunity to appeal the enforcement action to the State.

We have also summarized on the SRS Data Sheet our knowledge of the status of other Utah regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet.

If you have any questions regarding the compatibility and health categories, or any of the NRC regulations used in the review, please contact me at 301-415-3340 or Ms. Cardelia H. Maupin at (301) 415-2312 or [CHM1@NRC.GOV](mailto:CHM1@NRC.GOV).

Sincerely,

/RA/

Frederick C. Combs, Deputy Director  
Office of State and Tribal Programs
