*Sattar Lodhi, Ph.D.
United States Nuclear Regulatory Commission
Region 1
475 Allendale Road
King of Prussia, PA 19406-1415*

Dear Dr. Lodhi:

This month the patient was recuperating from the surgery at the Lahey Clinic in Burlington, Massachusetts. His peroneal fistula is much smaller, but a small fistula remains.

He remains with a urethral catheter, a suprapubic catheter, and a colostomy.

He is to be seen in follow up at the Lahey Clinic this week.

Sincerely,

*Jeffrey C. Rudikoff, M.D.
Radiation Safety Officer
