**SUBJECT: MEETING SUMMARY - ANNUAL ASSESSMENT PRESENTATION - FARLEY
NUCLEAR PLANT-DOCKET NOS. 50-348, 50-364**

**MEETING SUMMARY - MEETING WITH STATE AND LOCAL GOVERNMENT
OFFICIALS - FARLEY NUCLEAR PLANT-DOCKET NOS. 50-348, 50-364**

Dear Mr. Morey:

This refers to two meetings conducted at our request at the Farley Nuclear Plant Training Center Auditorium on July 13, 2001. The first meeting was the Annual Assessment meeting. The purpose of this meeting was to discuss the NRC's Reactor Oversight Process (ROP) annual assessment of safety performance for Farley Nuclear Plant for the period of April 2, 2000 - March 31, 2001.

The major topics we addressed were: the NRC's assessment program, the results of the Farley Nuclear Plant assessment, and the NRC's Agency Action Matrix. Attendees included Southern Nuclear Operating Company (SNC) site and corporate management, SNC staff, NRC staff, and five local officials. The presentation handouts used by you in your reply to our assessment are included as an Enclosure to this letter.

Following the annual assessment meeting, a separate meeting was held with local officials to discuss the ROP and NRC activities involving Farley Nuclear Plant. Attendees included NRC staff, eight local officials, and one SNC staff member.

Both of the meetings were open to the public. Information used for the discussions of the ROP is available from the NRC's document system (ADAMS) as accession number ML 011980088 which can be accessed from the electronic address provided below.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be publicly available in the NRC Public Document Room (PDR) or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room).
