Dear Ms. Kime:

I am enclosing a copy of a current Sealed Source and Device (SSD) registration certificate for the Amersham Corporation Model 875XX series radiography source assembly. The certificate number is NR-628-S-113-S.

This registration certificate was produced by NRC in 1993, but the Sealed Source and Device Registry website does not include this version, nor apparently does the paper registry maintained by NMSS. Please ensure that it is added to both systems.

If you have any questions please contact me at (617) 727-6214, Extension 2030.

Sincerely,

A handwritten signature in cursive script that reads "Robert Walker".
