Subject: Clarification of NAC-STC CoC as revised for Yankee Rowe Amendment

David,

In accordance with our telecon this morning, NAC requests that the revision of the NAC-STC CoC for the Yankee Rowe Amendment include a change in the general format of the CoC Section 10 to reference the SAR Chapters 7 and 8, rather than restating the requirements from the SAR, i.e., make the CoC similar to the NAC-LWT CoC. Also, Section 6 of the CoC is redundant and should be deleted.

Thanks for you help in this matter,

Tom
