ARLINGTON, TEXAS 76011-8064**

August 13, 2001

Production Logging Services, Inc.  
ATTN: Craig M. Stratton  
Radiation Safety Officer  
P.O. Box 1043  
Rangley, Colorado 81648-1043

SUBJECT: NRC FORM 241

Mr. Stratton:

This acknowledges receipt of NRC Form 241 dated July 31, 2001, and the \$1200 application fee, submitted to the NRC Region IV office to report proposed activities in NRC jurisdiction under the authority of the general license pursuant to 10 CFR 150.20. Revisions, as defined below, to the information submitted on the current NRC Form 241 will require a \$200 fee. Revisions to the initial NRC Form 241 will occur whenever you propose to add locations of work, to use different radioactive material, or to perform additional work activities in NRC jurisdiction.

Clarification and deletion of specific locations or work sites, work site contacts, or dates of work are not considered revisions and, therefore, will not require the \$200 fee. Changes in the equipment to be used will not require the \$200 fee if there is no change in the activity to be conducted or the radioactive material to be used.

Your Agreement State license is recognized as valid for the proposed use of licensed material at the locations listed on your Form 241, and attachments, if any.

The calendar year 2001 RTS Reference numbers for your proposed locations of work are:

RTS Reference Number	Proposed Location of Work
001101	Chevron USA, Inc. 1013 Cheyenne Drive Evanston, Wyoming 82930  Evanston Oil Field Evanston, Wyoming
001102	Urroz Oil and Gas, LLC P.O. Box 1726 Evanston, Wyoming 82930

Please refer to the appropriate RTS Reference number in any future communications. You must make revisions to the initial NRC Form 241 when you propose to add locations of work, to use different radioactive materials, or elect to perform additional work activities within NRC jurisdiction.

Please be aware that working under reciprocity in NRC jurisdiction requires you to comply with NRC regulations, as described in 10 CFR 150.20.

Information submitted on Form 241 must be specific regarding the location and dates of use. Since your reciprocity request is for various locations over an extended period of time, you are required to notify this office three days prior to each of the proposed generally licensed activities. However, given the nature of your licensed activities, the time requirement specified in 10 CFR 150.20(b)(1) for the filing of NRC Form 241 and any subsequent notifications **has been waived**, provided that you:

- A. Inform this office by telephone or facsimile of activities or revisions to the information submitted on the initial NRC Form 241, and
- B. Receive oral or written authorization for the activity(ies) from this office, and
- C. Submit written confirmation and the check for the fee payment, if applicable, **within 3 days** after the notification.

Please find enclosed an NRC signature copy of your NRC Form 241. We appreciate your cooperation. If you have questions concerning this letter or other aspects of working in NRC jurisdiction under reciprocity, please contact me at 817-860-8103.

Sincerely,

/RA/  
Colleen Murnahan, Licensing Assistant  
Nuclear Materials Licensing Branch
