

REVIEWER NOTE FOR NR-1145-D-101-E

FROM: Seung J. Lee /RA/

August 13, 2001

Per telephone discussion with J. Tchira of Litepro and S. Brightwell of Professional Radiation Consulting, Inc. on 08/13/2001, I informed that the identification of initial transferor of "www.teknolite.com" is acceptable after discussion with Brude Carrico and Tony Kirkwood because teknolite is the model name, not the other manufacturer name. Also, the ANSI/HPS N43.4-2000 Level 2 test requirements are acceptable, instead of Level 4, based on the Table 3 in ANSI/HPS 43.4-2000 per activity.
