Washington, D.C. 20555-0001

**SUBJECT: BWR OWNERS' GROUP LICENSING TOPICAL REPORT
NEDO-32991-A "REGULATORY RELAXATION FOR BWR POST ACCIDENT
SAMPLING STATIONS (PASS)" DATED AUGUST 2001**

- References (1) NEDO-32991 "Regulatory Relaxation for BWR Post Accident Sampling Stations (PASS)" dated October 2000
- (2) June 12, 2001 NRC Safety Evaluation, "Safety Evaluation Related to Topical Report NEDO-32991, Regulatory Relaxation for BWR Post Accident Sampling Stations (PASS)" dated October 2000 (TAC NO. MB0666)

Attachments: (1) NEDO-32991-A "Regulatory Relaxation for BWR Post Accident Sampling Stations (PASS)" dated August 2001 (pdf file on enclosed CD-ROM)

In accordance with NUREG-0390 recommendations, the BWR Owners' Group (BWROG) has published the subject NRC-accepted subject topical report and this report is being transmitted via the enclosed CD-ROM. The NRC Safety Evaluation (Reference 2) and associated transmittal letter are included in the approved topical report between the title page and the table of contents.

If you have any question regarding this transmittal, please contact the General Electric Project Manager, TA Green at (408) 925-1308 or the undersigned.

Very truly yours,

James M. Kenny, Chairman
BWR Owners' Group
