Dear Sir:

ULNRC-04507

CALLAWAY PLANT
DOCKET NUMBER 50-483
COMMENTS ON INSPECTIONS, TESTS, ANALYSES
AND ACCEPTANCE CRITERIA (ITAAC)

Reference: NEI Letter from Marvin S. Fertel, dated May 14, 2001
NEI Letter from Ron Simard, dated July 31, 2001

AmerenUE appreciates the opportunity to provide comments on ITAAC referenced above. ITAAC concerns whether combined license (COL) applications for future plants should contain inspections, tests, analyses and acceptance criteria on operational programs such as security, training, and radiation protection.

AmerenUE strongly supports the NEI position presented in the May 14, 2001 letter sent to the NRC and again presented in the NEI comment letter sent to the NRC on July 31, 2001.

Very truly yours
