Mr. Richard A. Meserve  
Chairman  
Nuclear Regulatory Commission  
11555 Rockville Pike  
Rockville, MD 20852

Dear Mr. Meserve:

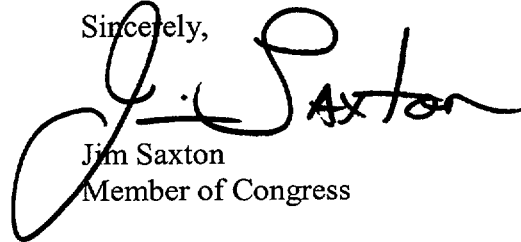

I write to request your assistance regarding an important issue in my district.

It has come to my attention that Oyster Creek nuclear power plant, located in Lacey Township, New Jersey is planning to expand its nuclear waste storage facilities.

With safety in mind, I am requesting that you update me on the status of Oyster Creek's expansion and the Nuclear Regulatory Commission's role in overseeing that safety guidelines are followed.

As we work together to strengthen and improve our nation's energy resources, we must not forget the safety of our citizens. Thank you for your attention to this important matter. If you have any questions or concerns please feel free to contact Rob Alessi of my Washington, DC staff.

Sincerely,

Jim Saxton  
Member of Congress
