Directorate for Safety

U.S. Nuclear Regulatory Commission  
Region I  
475 Allendale Road  
King of Prussia, PA 19406-1415

Attention: Ms. Judith A. Joustra  
Division of Nuclear Materials Safety

Dear Ms. Joustra:

This refers to U.S. Nuclear Regulatory Commission License (NRC) Number 29-01022-14, Docket 030-29741, our letter dated June 28, 2001 (Control Number 129977), and to the August 9, 2001 telephone conversation between your Ms. Judith A. Joustra and Mr. Richard J. Lovell of our staff.

The following additional information is provided as requested during the August 9, 2001 telephone conversation.

a. We confirm that facilities and/or locations where the Mobile VACIS will operate, will not deliberately impact the safety or integrity of the device.

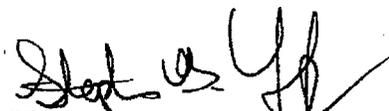

b. We will use survey instruments that meet the criteria in the section entitled "Radiation Safety Program-Instruments" in NUREG-1556, Volume 4, "Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Fixed Gauge Licenses", dated October 1998. Each survey meter will be calibrated by the manufacturer or other person authorized by the NRC or an Agreement State to perform such calibrations.

c. Operator training shall be provided by the manufacturer or its authorized representative.

I trust you will find the information provided above adequate to finalize the above referenced amendment request. If you have any questions please do not hesitate to contact Mr. Richard J. Lovell, Radiation Safety Officer, or Mr. Gary Ziola,

Health Physicist at (732) 532-9723, extensions 6441 and 6433, respectively.

Sincerely,

STEPHEN G. LaPOINT  
Director  
Directorate for Safety
