Professor Yaffa Eliach, President and Founder
The Shtetl Foundation
300 East 54th Street, Suite 23K
New York, New York 10022

Dear Professor Eliach:

Thank you for your recent letter regarding the U. S. Nuclear Regulatory Commission's (NRC's) Diversity Day Celebration. It was a pleasure to meet you and listen to your inspirational life story. I am sure I represent the views of the entire NRC staff when I say that your presentation moved us. Your message helped to reinforce the importance of diversity in America and in the NRC workplace.

Your journey has been a long one, filled with challenges, hopes, dreams and achievements. I wish you continued success, and I too hope that we will have an opportunity to meet again.

Sincerely,

/RA/

Richard A. Meserve
