To Whom It May Concern:

I am opposed to the NRC proposed rulemaking as described in  
The Federal Register, April 16, 2001, Vol. 66 to change the  
licensing hearing process for nuclear power reactors. The public  
is entitled to full and meaningful participation in an on-the-  
record hearing process for the licensing of new reactors, the  
relicensing of aging reactors and industry amendments to  
operating license safety requirements.
