Describe Follow-up: (Telephone, Internet, Chamber of Commerce, Other) Tracked the gauge through an internet search of like businesses. Individual contacted informed me the Pearl City Sewage plant was closed 20 years prior. All sewage now pumped to Honouliuli Waste Water Treatment Plant, called spoke with Zach Asato (808) 681-3138 who remembers being told of the gauge and that it was disposed of by their sister plant Sand Island Waste Water Treatment Plant. He referred me to Dale Takanishi (808) 847-8300 who stated they contracted with Gamma Corporation (License 53-23207-01), Mr. Phil Manley, to dispose of the Pearl City gauge in addition to others they possessed. Called Gamma Corporation (808) 373-7009 and spoke with Ron Frick who said he would research and get back to me. Mr. Manley was on the mainland at a convention. Ron Frick returned my call on 11/30/00 and informed me that he had documentation to show the gauge was disposed of through Gamma Corporation and sent to Nuclear Specialties in Turlock, California. Nuclear Specialties sent the gauge via U.S. Ecology, Inc. to the Hanford Reservation in Richland, Washington. (Please see attached documentation to include the U.S. Ecology Manifest #20751)
