SUBJECT: MAINTENANCE OF REFERENCE MATERIAL AT THE WHITEFORD BRANCH
LIBRARY FOR THE PEACH BOTTOM ATOMIC POWER STATION LICENSE
RENEWAL APPLICATION

Dear Mr. Meyn:

During my initial visit to the Whiteford Branch Library on June 19, 2001, you agreed to maintain reference material related to Exelon's application for renewal of the operating licenses for the Peach Bottom Atomic Power Station (PBAPS), Units 2 and 3 for an additional 20 years. The application has since been received by the Nuclear Regulatory Commission (NRC) and a copy was mailed to you to be placed in your library. On a subsequent visit on August 6, 2001, it was noted that you had received the application and had placed it in a readily accessible location to be available to interested members of the public.

The NRC staff appreciates your willingness to assist the public in participating in our license renewal process. Your library will be placed on our distribution list for documents related to our environmental review of Exelon's application for the PBAPS license renewal.

Thank you again for your cooperation and support. If you have any questions, please contact me at (301) 415-1444.

Sincerely,

/RA/Signed by L. Wheeler
