Re: Change of R.S.O. License #MD-31-177-01

May 9, 2001

Dear Mr. Trump:

Burgess and Niple, Inc. would like to request an amendment to radioactive materials license number MD-31-177-01. The radiation protection program shall be under the supervision of David Payne, effective March 15, 2001. The most recent amendment to Condition 11A dated February 7, 2000 named Mr. William Yakel, Jr. as Radiation Safety Officer. B&N has now named David Payne as the new Radiation Safety Officer.

Mr. Payne is registered Professional Engineer, and has completed the requisite training for RSO operations in accordance with USNRC regulations. Should you require any additional comments or questions, please contact me at (301) 468-9400.

Sincerely,
BURGESS & NIPLE, INC.

David R. Gardy, LS
Vice President
