SUBJECT: YOUR REQUEST FOR INFORMATION ON DRY CASK STORAGE

Dear Mr. Slade:

I am responding to your recent request to the Office of Nuclear Regulatory Research. As I indicated to you in my July 23, 2001, response to your request for a copy of the safety evaluation report for the proposed Private Fuel Storage Facility, the NRC's primary way of providing documents to the public is through its Agencywide Documents Access and Management System (ADAMS), which provides text and image files of NRC's public documents. These documents may be accessed through the NRC's Public Electronic Reading Room on the Internet at <http://www.nrc.gov/NRC/ADAMS/indidx.html>. If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC Public Document Room (PDR) Reference staff at 1-800-397-4209, 301-415-4737 or by email to [pdr@nrc.gov](mailto:pdr@nrc.gov). Documents can also be purchased from the PDR. In addition, certain public documents (e.g., NRC regulations, standard review plans, etc.) can be found on the NRC Website at <http://www.nrc.gov/nrc/reference.html>.

I trust this responds to your request.

Sincerely,

/s/ /RA/
